Date Published: 2/26/26

ASSIST does not take the place of a counselor on your campus. It is intended to help students and counselors work together to establish an appropriate path toward transferring from a public California community college to a California university.

Major Articulation Agreement

Electronics Engineering Technology

Effective during the **2025-2026** academic year

To: California State University, Long Beach
2025-2026 General Catalog, Semester

From: Cerritos College
2025-2026 General Catalog, Semester

BS IN ELECTRONICS ENGINEERING TECHNOLOGY

Agreement Information

The information below represents a view of articulated lower-division courses between California State University, Long Beach (CSULB) and the sending institution, aligning with the CSULB academic catalog. On the left, the CSULB courses are listed, while any corresponding articulated courses are displayed on the right. It is essential to note that degree requirements may involve various combinations of courses or additional instructions; consequently, a careful review of all relevant information associated with the agreement is advised.

Important Admissions Information for Fall 2026

ALL MAJORS ARE IMPACTED at California State University, Long Beach. As a result, incoming students **must** complete a series of major-specific preparation coursework and meet GPA requirements. Please visit our Major Specific Degree Requirements webpage for more information and to find the correct path and year for your major.

Review the following for information related to transfer admissions to CSULB:

- Transfer Admission Eligibility Overview
- Transfer Application Process
- Lower Division Requirements Information for Major Agreements

Due to ASSIST text limitations, some information regarding upper-division course options and electives may not be clear below. It is strongly recommended that agreement information **along with** CSULB Catalog information be reviewed when assessing a degree's requirements. It is crucial to note that the lower-division course requirements may change from year to year. The specific course requirements (catalog rights) will be determined for the student based on the catalog in effect at the time of their first term at CSULB. While effort is expended to mitigate alterations, agreement language can change with little advanced notice.

GENERAL INFORMATION & DEGREE NOTES

All students must achieve a 'C' or better grade in all courses in the major.

Degree Progress: Transfer students must complete within one year after transfer to CSULB, MATH 122 (Calculus I) and PHYS 100A (General Physics), and PHYS 100B (General Physics), with a 'C' or better if the equivalent was not taken prior to transfer.

ENGR 101 & ENGR 102 are waived for all transfer Engineering students

Contact the Engineering Student Success Center (ESSC) advising office at (562) 985-1800 or coe-advising@csulb.edu with any questions.

Consult the CSULB Catalog for additional details.

LOWER DIVISION MAJOR REQUIREMENTS

1 Complete the following

MATH 122	Calculus I	4.00	**MATH 170**	Analytic Geometry and Calculus I	4.00
Minimum grade required: C or better					
Please refer to additional important General Information section above					
PHYS 100A	General Physics	4.00	**PHYS 101**	General Physics	4.00
Minimum grade required: C or better					
Please refer to additional important General Information section above					
PHYS 100B	General Physics	4.00	**PHYS 102**	General Physics	4.00
Minimum grade required: C or better					
Please refer to additional important General Information section above					
ENGR 101	Introduction to Engineering Profession	1.00	**ENGR 110**	Introduction to Engineering	2.00
Same as **ENGR 101H**					
Minimum grade required: C or better					
Please refer to additional important General Information section above					
ENGR 102	Academic Success Skills	1.00	No Course Articulated		
Same as **ENGR 102H**					
Minimum grade required: C or better					
Please refer to additional important General Information section above					
ENGR 203	Engineering Problems and Analysis	3.00	**MATH 190**	Analytic Geometry and Calculus II	4.00
Minimum grade required: C or better					
ENGR 203L	Engineering Problems and Analysis Lab	1.00	**MATH 190**	Analytic Geometry and Calculus II	4.00
Minimum grade required: C or better					
E T 101	Introduction to Engineering Technology	1.00	No Course Articulated		
Minimum grade required: C or better					
E T 202	Probability and Statistics for Technology	3.00	**STAT C1000**	Introduction to Statistics	4.00
			OR		
			PSYC 210	Elementary Statistics	4.00
Minimum grade required: C or better					
E T 202L	Probability and Statistics for Technology Laboratory	1.00	No Course Articulated		

Minimum grade required: C or better					
E T 205	Computer Systems and Programming	**1.00**	**CIS 101**	Introduction to Computer Information Systems	**3.00**
Minimum grade required: C or better					
E T 205L	Computer Systems and Programming Lab	**1.00**	**CIS 101**	Introduction to Computer Information Systems	**3.00**
Minimum grade required: C or better					
E T 250	Circuit Analysis I	**2.00**	No Course Articulated		
Minimum grade required: C or better					
E T 250L	Circuit Analysis I Lab	**1.00**	No Course Articulated		
Minimum grade required: C or better					
E T 252	Circuits Analysis II	**2.00**	No Course Articulated		
Minimum grade required: C or better					
E T 252L	Circuit Analysis II Laboratory	**1.00**	No Course Articulated		
Minimum grade required: C or better					
E T 255	Introduction to Digitial Electronics	**2.00**	No Course Articulated		
Minimum grade required: C or better					
E T 255L	Introduction to Digital Electronics Laboratory	**1.00**	No Course Articulated		
Minimum grade required: C or better					
E T 260	Solid State Electronics I	**2.00**	No Course Articulated		
Minimum grade required: C or better					
E T 260L	Solid State Electronics I Lab	**1.00**	No Course Articulated		
Minimum grade required: C or better					
E T 286	Introduction to Object-Oriented Programming	**2.00**	**CIS 280X**	Object-Oriented Programming in C++	**3.50**
Minimum grade required: C or better					
E T 286L	Introduction to Object-Oriented Programming Lab	**1.00**	**CIS 280X**	Object-Oriented Programming in C++	**3.50**

Minimum grade required: C or better

2 Complete **A**, **B**, or **C**

Select 2.00 units from the following.

A

MAE 172A	Engineering Design Graphics - AutoCAD	**2.00**	No Course Articulated

Minimum grade required: C or better

OR

B

MAE 172B	Engineering Design Graphics - Solidworks	**2.00**	No Course Articulated

Minimum grade required: C or better

OR

C

MAE 172C	Engineering Design Graphics - CATIA	**2.00**	No Course Articulated

Minimum grade required: C or better
